

KALI:

With the girl next door vibe, Kali is as beautiful as she is sweet. Smart, and confident she stands out amongst other girls. Kali is friendly, with a soft smile. Unlike her friends, she is more soft-spoken and speaks proper almost as if she did not grow up in the hood. No one suspects underneath this façade is a calculating, deceiving young woman incapable of real feelings and who will do anything to get what she wants. Being the love of Doe's life since they were kids, Kali grows up to become a classy, well-manicured woman who is used to having the best of everything. Despite being loved and treated well she gets off on playing the part, while secretly plotting her own scheme.

** Kali and three of her friends are in her room getting ready while having girl talk and listening to music .*

KEISHA

KEISHA

KALI

KEISHA

KALI

KEISHA

KALI

All I am sayin is they better respect me. I'm not about to get played.

FRIEND

KEISHA

They all giggle. A song comes on the radio. (possibly Brandy & Monica's The Boy Is Mine)

KALI
