

CASH:

A childhood friend of Doe's, he secretly resented growing up in his shadow. While he outwardly appears light-hearted, outgoing and a perpetual flirt, Cash vindictively plots on his own come up. Since he was a teenager, he has been motivated by money and girls. He is good looking and charming with a smile that will win anyone over. With a personality like that, he draws everyone into his tangled web without them ever suspecting the danger that lies ahead..
